BMS MODEL	PRODUCT DESCRIPTION	MODEL
	<p>This Cart features an all welded construction, there is no assembly required. The heavy duty 16 gage material will ensure years of trouble free use. This specially designed Cart is 42" High x 24" Wide x 20" deep which is narrow enough to easily move into and around a classroom. It's tall enough to enable the projector to shine over students heads and is wide enough to comfortably use a notebook computer along with teaching materials and books. A rack is supplied under the top shelf to accommodate a DVD/ VCR as well as our patented Side Locs to keep the equipment safe and secure. The security cabinet as well as all the optional security devices utilize a High Security Pick Resistant Screw Type Lock, that can be Keyed Alike, Keyed Different or Master Keyed. The cart is equipped with . Cable Management is provided to hide all the cords keeping the Cart neat and tidy. The Cart is pre-wired and ready to go with; S-Video, RCA- Audio and a VGA cable as well as a 6 outlet power strip with a 15' cord.</p>	<p>MEDIA CART</p>
<p>LCD LOC II</p> 	<p>This is a maximum security, key locking, projector mount with finger tip adjustable roll, pitch, and yaw.</p>	<p>LCD LOC II (universal)</p>
<p>CART LOC KIT</p> 	<p>The Cart Loc Kit will allow the LCD LOC II to be bolted to the Media Cart and will provide Maximum security for the projector.</p>	<p>LCD-CK</p>
<p>SWING ARM</p> 	<p>The Swing Arm will enable the projector to pivot out and away from the cart to enable proper alignment with the screen.</p>	<p>SWGARM 10</p>
<p>ADJUSTABLE COLUMN W/ SWING ARM</p> 	<p>The Adjustable Column with the Swing Arm will enable the projector to pivot 360 degrees in a 20" circle and raise up 50" or lower down to 32" so the perfect position for aligning with the screen can be achieved. Cables can be routed through the inside of this device for a clean professional look.</p>	<p>ADJ CLM 24 WITH SWGARM 10</p>
<p>SECURITY SLIDE W/ TRAY LOC</p> 	<p>The Security Slide with the Tray Loc will enable the Document Camera to retract into the cart when not in use, once pulled out it will pivot to the perfect position for easy convenient use.</p>	<p>SECSLD 17 WITH TL-1516/BD</p>
<p>NOTE-BOOK TRAY LOC</p> 	<p>The Tray Loc is designed to enable the computer to sit on top of the device. It provides a high level of security via two interlocking steel trays secured together with a screw type key lock. The top tray attaches directly to the equipment through the use of patented Flex Feet. The lock can be keyed alike, keyed different or master keyed.</p>	<p>TL-1210/BD</p>
<p>HOOK LOC CABLE KIT</p> 	<p>The unique Hook Loc kit will easily attach the security cable to Notebook computers, LCD projectors or any other product that has a micro security slot built into it. This kit includes a Six Foot vinyl coated steel Cable, Cable Loc, one Hook Loc and one Looper.</p>	<p>HOOK LOC-CK</p>
