

Close Throw Adjustable Wall Mount

The Close Throw Adjustable Wall Mount (CTAWM) is the only projector wall mount that will provide the flexibility, strength and security needed in today's educational environment.

The CTAWM can be **adjusted a full 26"**, so any screen size you need is at your finger tips.

Versatile

Easy to install....

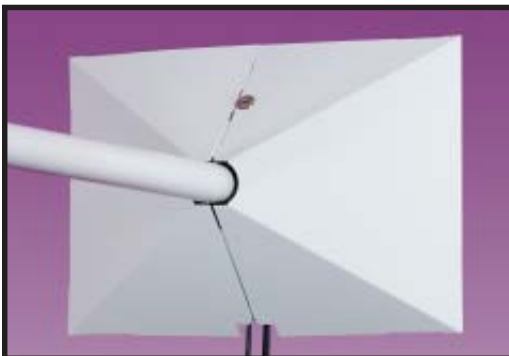

Easy to use....

The locking Vanity Plate will keep unauthorized people from removing or tampering with the mount, so the equipment is safe and secure.

Secure

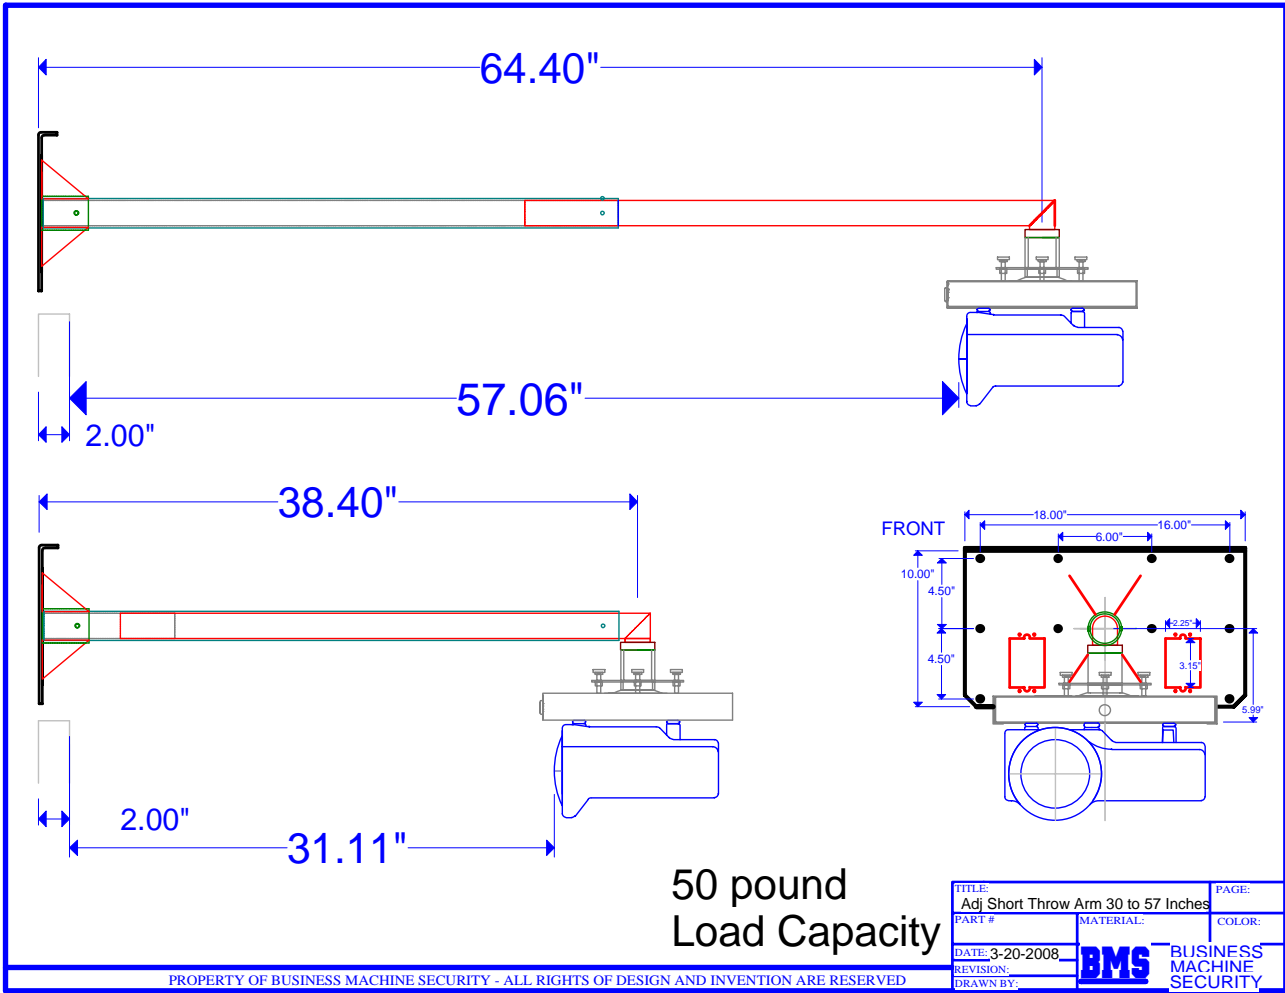

Safe

The double stud wall plate will give the strength needed to support any projector and a child or two.

The wall plate features knock-outs for power and A/V cords to make installations clean and easy.

For the Epson 400W
